OFFICIAL MEETING MINUTES OF THE BICYCLE, TRAILWAYS AND PEDESTRIAN ADVISORY COMMITTEE (BTPAC)

Thursday, February 3, 2022

301 Datura Street, West Palm Beach, FL 33401 Meeting was also conducted virtually via Zoom.

These minutes are a summary of the meeting events and may not reflect all discussion that occurred.

PDF versions of the agenda, backup material and presentations as well as audio recordings are available for review at

PalmBeachTPA.org/BTPAC

1. REGULAR ITEMS

1.A. Call to Order and Roll Call

CHAIR THOBURN called the meeting to order at 9:01 a.m. and provided an overview of the meeting procedures.

The Recording Secretary called the roll. A quorum was present as depicted in the table below.

1.B. <u>APPROVED</u> Modifications to the Agenda

The Recording Secretary stated Michael Owens requested permission to participate remotely due to School District staffing shortages.

There were no objections to his virtual participation, and he was permitted to join the meeting.

1.C. <u>APPROVED</u> Minutes for December 2, 2021

MOTION to approve the Minutes made by Brian Ruscher, seconded by Michael Owens, and carried unanimously 14-0 as depicted in the table below.

1.D. General Public Comments and Public Comments on Action Items

There were no general public comments received.

1.E. Comments from the Chair and Member Comments

VICE CHAIR RUSCHER requested a group photo with members attending the Safe Streets Summit on February 17-18 and shared that Delray Beach passed a Vision Zero Proclamation on February 2, 2022. Additionally, he congratulated Alyssa on her upcoming life event.

JOANNA PELUSO mentioned the walk audit that is upcoming in Jupiter.

CHAIR THOBURN expressed excitement for the addition of ped/bike facility, potentially a multi-use path, and planning along Indiantown Road. She expressed gratitude to the TPA for preforming an upcoming nighttime walk audit in Jupiter and commented on an upcoming bike pathway on Indiantown Road.

1.F. BTPAC Liaison's Report

ALYSSA FRANK, TPA Pedestrian & Bicycle Coordinator, reviewed the full report, which can be viewed at PalmBeachTPA.org/BTPAC.

Jacey Biery and Wibet Hay joined the meeting in-person.

2. ACTION ITEMS

2.A. <u>RECOMMENDED ADOPTION</u> of Amendment #3 to the TPA's Fiscal Year (FY) 22-26 Transportation Improvement Program (TIP).

JASON PRICE provided a PowerPoint presentation that can be viewed at <u>PalmBeachTPA.org/BTPAC</u>. Jason stated the TIP is the TPA's five-year funding program for transportation projects in Palm Beach County. The requested amendments included the following:

- Delete project Indiantown Rd from US-1 to A1A (#4415721)
- Add new project I-95 wrong way detection systems (#4495201)
- Add new projects with FTA 5310 Operating Assistance
 - Mae Volen Center Operation funds for fixed route service (#4502781)
 - Mae Volen Center Purchase vehicle (#4504521)
 - Mae Volen Center Operating funds for fixed route service (#4504531)
 - Mae Volen Center Operating funds for fixed route service (#4504751)
 - Mactown, Inc Operating funds for fixed route service (#4504971)

There were no public comments on this item.

Member discussed ensued on the mechanisms of the wrong way detection systems and how intersections were prioritized. Members expressed concern that the Indiantown Road project should be delayed rather than removed from the TIP.

MOTION to Adoption Amendment #3 to the TPA's FY 22-26 TIP made by Brian Ruscher and seconded by Fadi Nassar. A verbal vote was taken and carried unanimously 15-0 as depicted in the table below.

2.B. <u>RECOMMENDED ADOPTION</u> of 2022 Safety Targets

ANDREW UHLIR provided a PowerPoint presentation that can be viewed at PalmBeachTPA.org/BTPAC. Andrew shared a variety of safety metrics, such as travel times, transit safety, and transit asset management, that are required by FDOT. He displayed 2022 targets as recommended by the TPA and Palm Tran based on past trends and a commitment to Vision Zero.

There were no public comments on this item.

Member discussion ensued on the methodology for data collection and presentation. John Roach clarified a typo in the table shown on slide nine.

MOTION to Recommend Adoption of 2022 Safety Targets made by Brian Ruscher and seconded by John Roach. A verbal vote was taken and carried unanimously 15-0 as depicted in the table below.

2.C. <u>RECOMMENDED ADOPTION</u> of an Amendment to Section 5 of the TPA's Operating Procedures

ALYSSA FRANK provided a PowerPoint presentation that can be viewed at PalmBeachTPA.org/BTPAC. Alyssa provided context that changing the committee's name from Bicycle, Trailways and Pedestrian Advisory Committee (BTPAC) to Vision Zero Advisory Committee (VZAC) would not change the work completed by the committee. In addition to a new name, the committee would be restructured to include membership from local governments, health departments, law enforcement, school districts and active transportation advocacy groups.

There were no public comments on this item.

Member discussion ensued about the potential to confuse the purpose of the committee with a new name. Additionally, members expressed that they did not believe the general public would know what Vision Zero is.

MOTION to Recommend Adoption of an Amendment to Section 5 of the TPA's Operating Procedures made by Brian Ruscher and seconded by Michael Owens.

JEAN MATTHEWS suggested a name change to Vision Zero Bicycle Pedestrians Advisory Committee (VZBPAC) instead of Vision Zero Advisory Committee (VZAC) and member discussion ensued.

SUBSTITUTE MOTION to Recommend Adoption of an Amendment to Section 5 of the TPA's Operating Procedures with the change to name the committee to Vision Zero Bicycle Pedestrian Advisory Committee (VZBPAC) made by Jean Matthews and seconded by David Wiloch. A roll call vote was taken and carried 9-6 as depicted in the table below.

3. INFORMATION ITEMS

3.A. DISCUSSED: Performance Measures Dashboard

JASON PRICE provided a PowerPoint presentation that can be viewed at PalmBeachTPA.org/BTPAC. Jason summarized highlights from the TPA's 2021 Performance Measure Report Card, including the adoption of Federal measures and targets. He noted many performance measures were impacted by the COVID-19 pandemic, due to changes in traffic patterns. The full Report Card can be viewed at PalmBeachTPA.org/PM.

There were no public comments on this item.

Member discussion ensued on the Report Card, specifically discussion on pavement metrics.

3.B. <u>DISCUSSED</u>: Florida Bicycle Month

ALYSSA FRANK provided a PowerPoint presentation that can be viewed at PalmBeachTPA.org/BTPAC. Alyssa highlighted events that will occur in March for Florida Bicycle Month. She encouraged local municipalities to adopt a proclamation in celebration of Florida Bicycle Month to bring awareness and support for bicycling in their community. A calendar of bicycle month activities is available at WalkBikePalmBeach.org.

There were no public comments on this item.

JOHN ROACH shared that West Palm Beach would likely release a Bicycle Month proclamation on February 22, 2022.

CHAIR THOBURN shared that Jupiter would likely release a Bicycle Month proclamation in February.

4. ADMINISTRATIVE ITEMS

4.A. Governing Board Summary Points – December 16, 2021

There was no discussion on this item.

4.B. FDOT Scheduling Report – February 2022

There was no discussion on this item.

4.C. 2022 TPA Meeting Dates

The Recording Secretary noted the 2022 meeting dates were adopted during the TPA Board's December meeting and any requested changes would need to go to them for approval. It was also noted that the October meeting was moved in observance of the affected Jewish holidays.

4.D. Next Meeting – March 3, 2022

The meeting was adjourned at 10:59 a.m.

This signature is to attest that the undersigned is the Chair, or a designated nominee, of the Bicycle, Trailways, and Pedestrian Advisory Committee and that information provided herein is the true and correct Minutes for the February 3, 2022 meeting of the Bicycle, Trailways, and Pedestrian Advisory Committee, dated this 3rd day of March 2022.

The Palm Beach TPA collaboratively plans, prioritizes, and funds the transportation system of Palm Beach County and supports the following actions consistent with its vision.

SAFE

- 1. Change state and/or federal law to:
 - a. Regulate distracted driving and failure to obey crossing guards as primary offenses,
 - b. Allow automated speed enforcement/citations²,
 - c. Require helmets for all bicyclists³, scooters and motorcyclists⁴, and
 - d. Mandate adaptive cruise control, lane assistance, and collision avoidance systems on new vehicles⁵.
- 2. Enhance education to include:
 - a. Annual pedestrian and bicycle safety curriculum in Elementary and Middle Schools⁶,
 - b. Driver education curriculum in High School, and
 - c. Knowledge of pedestrian, bicycle, and motorcycle laws to obtain a driver's license⁸ and to renew it every 5 years, and
 - d. Roadway safety information distributed to rental car companies for customers.
- 3. Revise state and local roadway design standards based on context classification, including setting a target speed based on context instead of existing speeds⁹ and establishing context-based criteria for installation of vehicle or pedestrian crossing treatments at mid-block and unsignalized locations.

EFFICIENT

- 4. Provide funding to advance autonomous¹⁰, connected, and electric vehicles¹¹ and infrastructure.
- 5. Allow MPOs within large, urbanized areas to directly receive federal transportation funds or to swap federal and state funds to maximize efficient delivery of transportation projects on local facilities¹².

CONNECTED

- 6. Promote complementary land use patterns¹³ around existing and future high-capacity transit routes.
- 7. Use existing maintenance funding and pursue additional funding to reconstruct roadways with enhanced pedestrian, bicycle, and transit facilities, especially near high-capacity transit hubs¹⁴.

MULTIMODAL

- 8. Advance a regionally connected, high-capacity and efficient transit system to support anticipated growth and long-term mobility ¹⁵.
- 9. Increase flexibility within existing state transportation programs to allow the funding of high-capacity transit investments and supporting infrastructure¹⁶.
- 10. Allow Strategic Intermodal System (SIS) funds to be used on roads, transit, and other transportation facilities not designated on the SIS if the improvement will enhance mobility or support freight transportation on the SIS.
- 11. Seek additional funding sources at all levels to build, operate, and maintain high-capacity transit 17.

INTRODUCTION

The Palm Beach MPO, doing business as the Palm Beach Transportation Planning Agency (TPA), administers the federally mandated transportation planning process for all of Palm Beach County. The TPA is part of a larger South Florida urbanized area referred to as the Miami FL Urbanized Area (UZA) that also includes the Miami-Dade Transportation Planning Organization (TPO) and the Broward MPO.

The Unified Planning Work Program (UPWP) is the TPA's plan of operations and budget which identifies the agency's transportation planning activities for the two-year period starting July 1, 2022 through June 30, 2024. The UPWP is approved by the TPA Governing Board via resolution dated Month Date, 2022, signed by Palm Beach TPA Chair is available in **Appendix B**. The UPWP is guided by the TPA's vision of a safe, efficient, connected and multimodal transportation system. The UPWP includes a description of planning work and resulting products, responsible agencies, schedules, costs, and funding sources.

The TPA's mission to collaboratively plan, prioritize and fund the transportation system is carried out pursuant to 23 United States Code (U.S.C.) §134, 49 U.S.C. §5303, 23 Code of Federal Regulations (C.F.R.) §450 Subpart C, and Section 339.175, Florida Statutes (F.S.).

The Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) provide funding for transportation planning activities with a required investment of local matching funds. 23 U.S.C. §120 permits a State to use certain toll revenue expenditures as a credit toward the non-Federal matching share of all programs authorized by Title 23, (except for Emergency Relief Programs) and for transit programs authorized by Chapter 53 of Title 49, U.S.C. This is in essence a "soft-match" provision that allows the Federal share to be increased up to 100% to the extent credits are available. The "soft match" amount being utilized to match the FHWA PL, and FHWA SU, and FTA 5305d funding in the UPWP is 18.07% of FHWA program funds for a total of \$966,970 and the "soft match" amount being utilized to match the federal fiscal year (FFY) 21 FTA funding in the UPWP is 20% of FTA program funds for a total of \$97,500.

FHWA and FTA funding is annually apportioned to FDOT as the direct recipient and allocated to the TPA by FDOT utilizing formulas approved by the TPA, FDOT, FHWA, and FTA in accordance with 23 CFR 420.109 and 49 U.S.C. Chapter 53. FDOT is fulfilling the CPG's required 18.07% non-federal share (match) using Transportation Development Credits as permitted by 23 CFR 120(j) and FTA C 8100.1D.

The Palm Beach TPA and the FDOT participate in the Consolidated Grant Program (CPG). The CPG enables FDOT, in cooperation with the TPA, FHWA, and FTA, to annually consolidate Florida's FHWA Metropolitan Planning (PL) and FTA 5305(d) metropolitan planning fund allocations into a single grant that is administered by the FHWA Florida Division.

Please note that all eligible expenses will be reimbursed on an actual cost basis and therefore an indirect rate will not be utilized.

The TPA is in an air quality attainment area and does not anticipate completing any non-attainment planning activities.

In addition, the TPA also receives funding from the Florida Commission on Transportation Disadvantaged (CTD) to implement transportation disadvantaged planning activities.

The TPA also receives funding from local participating agencies to advance the mission and vision of the agency in serving Palm Beach County.

Transportation Planning Activities

Continuing

Many TPA planning activities are continuing from previous efforts, as highlighted below.

- The TPA performs continuing public engagement activities;
- The current Long Range Transportation Plan (LRTP) was adopted by the TPA in December 2019 and amended in February 2020. The TPA monitors and updates the LRTP as necessary in coordination with participating agencies, stakeholders and the public;
- The TPA assists local government agencies in evaluating, identifying and prioritizing funds for multimodal infrastructure projects that increase safety and access for all users;
- The TPA coordinates with Palm Tran and South Florida Regional Transportation Authority (SFRTA) in planning transit services and performing updates to their Transit Development Plans (TDP) in order to select projects for inclusion in the Transportation Improvement Program (TIP);
- The TPA continuously monitors all federally required and supplement local performance measures and identifies potential projects and strategies to achieve selected targets;
- The TPA reviews the Strategic Intermodal System (SIS) cost feasible plan for consistency and potential inclusion in the TPA's LRTP and TIP;
- The TPA reviews transportation projects using the Efficient Transportation Decision Making (ETDM), Electronic Review Comments (ERC), Multimodal Checklist and other processes.

Comprehensive

The planning activities of the TPA are comprehensive in addressing all modes of transportation (including walking, biking, transit, commercial vehicles, personal vehicles, etc.) and the manner in which they serve users of all ages and abilities.

Cooperative

The TPA cooperates with many participating agencies within Palm Beach County (PBC) and on a regional and statewide level to establish a safe, efficient, connected, and multimodal transportation system. The following are a list of entities that the TPA interacts with throughout the year:

- Federal Agencies: FHWA and FTA
- State Agencies: FDOT, Florida CTD, Florida Department of Environmental Protection (FDEP),
 Florida Department of Economic Opportunity
- Metropolitan Planning Organization (MPO) Agencies: Florida MPO Advisory Council (MPOAC), Southeast Florida Transportation Council (SEFTC), Miami-Dade Transportation Planning Organization (TPO), Broward MPO, Martin County MPO, St. Lucie TPO, and Indian River County MPO

- Local Governments: PBC and PBC Municipalities
- Transit Agencies: Palm Tran and SFRTA
- Airports and Seaports: Port of Palm Beach, PBC Airports, and Boca Raton Airport Authority
- Regional Planning Councils: Treasure Coast Regional Planning Council (TCRPC) and South Florida Regional Planning Council (SFRPC)
- Education Agencies: School District of Palm Beach County, Florida Atlantic University (FAU),
 Palm Beach State College (PBSC), Palm Beach Atlantic University (PBAU), Lynn University, and
 Keiser University
- Private Transportation Companies: Florida East Coast (FEC) Railway, Brightline, CSX Railway, Tropical Shipping, Uber, Lyft, Circuit, Freebee, Via, BrightBike (DecoBike LLC), etc.
- Private Business Organizations: Economic Councils, Business Development Boards, Chambers of Commerce

Planning Area

The TPA is part of the Miami FL UZA/TMA with the primary planning area being the whole of Palm Beach County as identified in **Figure 1**. For context, a map of the entire Miami UZA/TMA is included in **Appendix D**.

Figure 1. Palm Beach TPA Planning Area

Planning Priorities, Emphasis Areas, and Factors

Local Priorities

The prime objective of the UPWP is to aid in the development and maintenance of a coordinated transportation system plan. The UPWP is further designed to produce required work products to serve several purposes:

- To progress toward selected performance measure targets through guided transportation decision making for desired transportation system performance outcomes;
- To aid federal and FDOT modal agencies in reviewing, monitoring, and evaluating the transportation planning process in metropolitan areas;
- To aid in advancing multimodal transportation planning on a regional and system wide level;
- To improve the effectiveness of transportation decision making by guiding various jurisdictions in their individual planning efforts to ensure the efficient use of resources; and
- To develop a regional approach to transportation planning that guides the various transportation planning participants and ensures an integrated transportation analysis.

FDOT Planning Emphasis Areas (PEAs)

In addition, FDOT has issued the following Planning Emphasis Areas (PEAs):

- Safety The Florida Transportation Plan (FTP) and the State's Strategic Highway Safety Plan (SHSP) place top priority on safety, with a state target of zero traffic fatalities and serious injuries. FDOT adopted their Strategic Highway Safety Plan in 2016, which provides more information about how the state intends to address transportation safety in the coming years. The UPWP commits the TPA to report on and monitor their progress against adopted safety performance measures, and to consider how to expand upon the level of analysis and reporting required by the performance measurement process to further study the safety challenges. The TPA is working actively to identify safety needs in its priority list, TIP and LRTP; conducting and partnering on stand-alone safety studies for areas or corridors; and raising safety considerations within modal planning elements.
- Equity Executive Order 14008, Tackling the Climate Crisis at Home and Abroad, created the "Justice40 Initiative" that aims to deliver 40 percent (40%) of the overall benefits of relevant federal investments to disadvantaged communities. This initiative supports Executive Order 13985, Advancing Racial Equity and Support for Underserved Communities Through the Federal Government, outlines federal policy, and defines equity as the consistent and systematic fair, just, and impartial treatment of individuals. The FTP seeks transportation choices that improve accessibility and equity by including a key strategy to enhance affordable transportation, service, and information access options for all ages and abilities and throughout underserved communities. The TPA will identify and implement improvements based on data-driven project prioritization that considers not only the impacts of transportation projects on a community, but also the benefits of projects that can enhance opportunities for a community. The UPWP shall address approaches to furthering transportation equity.
- Resilience With the passage of the Fixing America's Surface Transportation (FAST) Act in 2015, resilience was introduced as a federal planning factor: "Improve the resilience and

reliability of the transportation system and mitigate stormwater impacts of surface transportation." Resilience is defined as the ability to adapt to changing conditions and prepare for, withstand, and recover from disruption. These conditions can encompass a wide variety of environmental, technological, economic, or social impacts. The TPA considers both the FHWA Resilience and Transportation Planning Guide and the FDOT Quick Guide: Incorporating Resilience within the LRTP to administer the planning process. The TPA also addresses resilience as a consideration within all its planning documents. The TPA coordinates with partner agencies responsible for natural disaster risk reduction, or who may be developing local resilience planning initiatives. Finally, the TPA considers the additional costs associated with reducing vulnerability of the existing transportation infrastructure to ensure that its planning documents are ultimately more realistic and cost-effective.

■ Emerging Mobility – Advances in communication and automation technology result in new mobility options, ranging from automated and connected transport, electric vehicles, ridesharing, and micro-mobility, to flying cars and space travel. These changes may be disruptive and transformational, with impacts to safety, vehicle ownership, travel capacity, vehicle miles traveled, land-use, transportation design, future investment demands, supply chain logistics, economy, and the workforce. The TPA supports innovative technologies and business practices to advance the FTP and the federal planning factors. Emerging Mobility such as Automated, Connected, Electric and Shared Vehicle (ACES) may lead to great improvements in safety, transportation choices, and quality of life for Floridians, our visitors, and the Florida economy. Though there is a great deal of speculation and uncertainty of the potential impacts these technologies will have, the TPA is working to address the challenges and opportunities presented by ACES vehicles.

Table 1 provides a matrix of how the PEAs are reflected in the TPA's UPWP work activities.

Federal Planning Factors

Finally, the FAST Act identified the following 10 planning factors to be considered by the TPA in developing the tasks and activities of the UPWP:

- 1. Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency;
- 2. Increase the safety of the transportation system for motorized and non-motorized users;
- 3. Increase the security of the transportation system for motorized and non-motorized users;
- 4. Increase the accessibility and mobility of people and freight;
- 5. Protect and enhance the environment, promote energy conservation, improve quality of life, and promote consistency between transportation improvements and state and local planned growth and economic development patterns;
- 6. Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight;
- 7. Promote efficient system management and operation;
- 8. Emphasize the preservation of the existing transportation system;
- 9. Improve the resiliency and reliability of the transportation system and reduce or mitigate stormwater impacts of surface transportation; and
- 10. Enhance travel and tourism.

Table 2 below shows a matrix of how the 10 Federal Planning Factors are integrated into the UPWP work tasks.

Public Participation Process

The TPA continues to prioritize an increased emphasis on public engagement to promote greater awareness of TPA functions and increase information and analysis of TPA projects and programs. The TPA presents at public meetings, participates in outreach events, and provides comprehensive information on the TPA's website (PalmBeachTPA.org) and social media platforms.

The TPA's Public Participation Plan (PPP) guides the process to provide complete information, timely public notice, full public access to key decisions, and support for early and continued involvement. The PPP requires a 30-day public review and comment period for the UPWP.

The UPWP was developed in cooperation with federal, state, and regional transportation agencies, county departments and local municipalities and considers input gathered from the public during the continuing, comprehensive, and coordinated (3-C) transportation planning process. The UPWP development process follows the PPP and is reviewed by the Technical Advisory Committee (TAC), Citizen's Advisory Committee (CAC), and Vision Zero Advisory Committee (VZAC). Finally, the TPA Governing Board adopts the UPWP.

ORGANIZATION AND MANAGEMENT

The TPA's Governing Board consists of 21 members: five county commissioners, 15 elected officials from the 13 largest municipalities, and one commissioner from the Port of Palm Beach. The TPA Governing Board is responsible for providing overall policy and direction for transportation planning and serves as the coordination mechanism with various state agencies for transportation and land use plans.

The TPA's Operating Procedures facilitate efficient conduct by the TPA Governing Board and its advisory committees as it collaboratively plans, prioritizes, and funds the transportation system. The TPA Governing Board also coordinates with all Metropolitan Planning Organizations (MPOs) in the state through the Florida Metropolitan Planning Organization Advisory Council (MPOAC) and its committees. The MPOAC is composed of an elected official and staff director from each MPO in the state and serves as a forum to discuss transportation issues and provide advice and input into FDOT plans and programs. Interaction with the local municipalities occurs through the TPA Governing Board, advisory committees as well as through comprehensive planning activities. The TPA's Chief Financial Officer is responsible for developing the UPWP and budget.

In performing these functions, the TPA Governing Board is served by three advisory committees. FDOT has non-voting advisory members on the TPA Governing Board and advisory committees.

- **Technical Advisory Committee (TAC)** Comprised of representatives with technical expertise in transportation from local governments (municipal and county), airports, seaports, public transit agencies, school district, and health department who are involved in transportation planning and engineering.
- Citizen's Advisory Committee (CAC) Comprised of citizens reflecting a broad cross-section of local residents including minorities, elderly, and handicapped individuals as well as representation for environmental issues, business interests, the construction and development industry, the freight and goods movements industry, and private transportation providers as well as the general public.
- Vision Zero Advisory Committee (VZAC) Comprised of county and municipal planners, law enforcement and fire rescues services, school district, health department, disabled community, and active transportation advocacy groups to address the comprehensive effort in implementing pedestrian and bicycle infrastructure, initiative, and safety aligning the TPA's Vision Zero efforts.

The TPA is the Designated Official Planning Agency (DOPA) for the Palm Beach County Transportation Disadvantaged (TD) program. The TPA administers the TD Local Coordinating Board (LCB), an advisory body to the CTD, and identifies local service needs, provides information, advice, and direction to the PBC Community Transportation Coordinator (CTC) on coordination of services to be provided to the transportation disadvantaged through the Florida Coordinated Transportation System.

The TPA Governing Board is also a member of SEFTC, overseeing regional transportation planning activities for the Palm Beach TPA, Broward MPO, and the Miami-Dade TPO in Southeast Florida.

The TPA has executed the following required agreements to facilitate the transportation planning process.

- MPO Interlocal Agreement between all voting members of the TPA Governing Board and
 FDOT October 9, 2015 (creates the TPA and apportions membership)
- Intergovernmental Coordination and Review and Public Transportation Coordination
 Joint Participation Agreement between the TPA, FDOT, TCRPC, SFRTA, the Port of Palm
 Beach, and PBC April 21, 2008 (coordination of multimodal transportation planning and
 comprehensive plans)
- MPO Agreement between the TPA and FDOT Month Date, 2022 (provides FHWA and FTA planning funds from July 1, 2022 to June 30, 2024)
- Public Transportation Grant Agreement between the TPA and FDOT February 1, 2022 (provides FTA planning funds from February 1, 2021 to December 31, 2025
- TD Planning Grant Agreement between the TPA and the CTD Month Date, 2022 (provides state CTD planning funds to accomplish the duties and responsibilities of the DOPA as set forth in Chapter 427, F.S., Rule 41-2 from July 1, 2022 to June 30, 2023, with a new agreement anticipated to be executed no later than July 31, 2023.
- SEFTC Interlocal Agreement as amended January 9, 2006 (regional transportation planning and coordination in South Florida)
- Memorandum of Understanding between the TPA, Broward MPO, Miami-Dade TPO, and FDOT District 4 & 6 – October 4, 2019 through December 31, 2024 (coordination of Southeast Regional Planning model related activities)
- Memorandum of Understanding between the TPA, Broward MPO, Miami-Dade TPO, and FDOT District 4 & 6 – September 1, 2020 through December 31, 2024 (acquisition of big data for the Southeast Regional Planning model related activities)

Required Certification Statements and Assurances

In response to relevant laws and regulations governing the use of federal and state grants, the TPA includes the following certification statements and/or assurances:

- Federal and/or state funds are not being used for lobbying.
- Federal funds are not being used for procurement from persons who have been debarred or suspended, in accordance with the provisions of 49 C.F.R. Part 29, subparts A through E.
- The TPA provides an opportunity for disadvantaged business enterprises to participate in the performance of transportation planning contracts.
- The TPA has adopted and maintains a Title VI Nondiscrimination Policy and program.
- The TPA has adopted a travel policy as stated in its Personnel Handbook.

The certification statements and assurances are included in **Appendix C**.

Available Funding

To accomplish the tasks and activities identified in the UPWP, the TPA identified the following available funding sources by fiscal year.

Table 3. Available Funding Sources

Funding Source	Fiscal Year 2023	Fiscal Year 2024	Total
CPG FHWA PL	\$2,046,159	\$2,157,933	\$4,204,092
CPG FHWA SU	\$1,733,000	\$1,820,000	\$3,553,000
CPG FTA 5305d	\$605,118	\$605,118	\$1,210,236
FTA Prior	\$390,000		\$390,000
СТД	\$49,871	\$49,871	\$99,742

Total Funds Available	\$4,968,091	\$4,779,350	\$9,747,441

REQUIRED ACTIVITIES

The required activities consist of tasks required to carry out the 3-C transportation planning process, guided by the TPA's adopted mission and vision statements.

Mission To collaboratively plan, prioritize, and fund the transportation system Vision A safe, efficient, and connected multimodal transportation system

Annual and multi-year activities, deliverables, and estimated completion dates are identified within each task. Each task is budgeted individually with funding amounts identified by source.

Figure 2. Required Activities

Additionally, the planning activities to be performed by FDOT in District 4 are shown in **Appendix F**. Please note that FDOT has elected not to identify deliverables, completion dates, funding sources, or amounts for their planning activities. Instead, FDOT noted that the list is representative of (but shall not constrain) the typical planning activities that are performed by FDOT District 4 on either a continuous basis or intermittently as needed, using State and Federal funds authorized for Planning purposes. Finally, FDOT noted that their activities may be undertaken at any time during the two-year UPWP cycle at the discretion of District 4 based on identified needs.

Task 1. Engage the Public

Responsible Agency: Palm Beach TPA

Participating Agencies: FHWA, FDOT, Broward MPO (BMPO), Miami-Dade TPO (MDTPO), TCRPC, SEFTC. School District

Purpose

Enable and encourage public awareness and input into the transportation planning and project prioritization process.

Previous Work

Staff routinely presents to and gathers feedback from local community groups, business organizations, and conferences; conducts educational workshops; and participates in community outreach events, local project outreach activities, and events and initiatives to promote safety and alternative modes of transportation. Examples include Vision Zero workshops, safety fairs, and events, Florida Mobility Week, Florida Bicycle Month, Walk-to-School Day, and Bike to-Work Week/Day events.

Continuing activities include the creation and distribution of an e-newsletter, *Transportation Tuesday*. Issues are directly distributed by email and additionally posted to the TPA website to enhance accessibility and to allow use of the website's font size adjustment and Google Translate features. The e-newsletter includes announcements of news items, events, public review and comment opportunities for draft documents, and public meetings of the TPA and partner agencies including those for specific projects. Additional activities include maintenance and enhancements to the TPA website, use of the TPA social media platforms, photo and video gathering/editing, blog posts, monitoring of the Strategic Plan with the creation of an Annual Report, creation and distribution of online and print publications, and Title VI and disadvantaged business enterprise (DBE) monitoring.

Task 2. Plan the System - Short Range

Responsible Agency: Palm Beach TPA

Participating Agencies: FDOT, FHWA, SEFTC, SFRTA, SFRPC, TCRPC, BMPO, MDTPO, Freight Industry, FDEP, FPL, PBC, School District, PBC Health Department (PBCHD), Local Municipalities, Northern and Western MPOs/TPO, Palm Tran

Purpose

Plan for a safe, efficient, connected multimodal transportation system for all users. To provide the necessary data and analysis tools to support and perform the multimodal planning processes for the TPA region, including:

- Planning and evaluation for all modes and services including pedestrian, bicycle, transit, freight, automobile, airport, seaport, intermodal, and non-emergency transportation services, and evaluate connected vehicle and autonomous vehicle (CV/AV) impacts
- Providing technical support to coordinate land use with the transportation system

Previous Work

The TPA updated and worked on implementing its Vision Zero Action Plan to influence policy, funding, and culture to improve safety for all transportation users. The TPA updated its Vision Zero Action Plan in October 2021 and presented a progress report to its Board and committees in February 2021 and in February 2022. The TPA also evaluated quarterly pedestrian and bicycle crash reports to identify potential causes and worked with partner agencies to implement safety countermeasures.

The TPA worked with Palm Tran and local municipalities on advancing roadway modifications and transit improvements identified in the US-1 Multimodal Corridor Study, including conducting lane repurposing studies with local communities, refining enhanced transit shelter locations, and prioritizing funds for Transit Signal Priority (TSP), electric buses, and enhanced transit shelters. The TPA also worked with local communities and Palm Tran to conduct walk bicycle safety audits, and Complete Streets studies to provide access to transit and improve safety for all roadway users.

The TPA collaborated with Palm Tran and SFRTA on TDP updates, evaluating new transit service, and conducting transportation planning activities for the transportation disadvantaged program. The TPA conducted an Okeechobee Blvd. and SR-7 Multimodal Corridor Study in coordination with Palm Tran, FDOT, and local municipalities along these corridors. The TPA also assisted local municipalities with establishing Quiet Zones for Brightline Phase II from West Palm Beach north to the county limit. The TPA began conducting a corridor analysis to expand Tri-Rail Service to the Veterans Affairs Medical Center along the CSX railway as well as provide new service along the FEC railway.

The TPA continued to evaluate upcoming projects for Complete Streets improvements and worked with local municipalities, Palm Tran, and roadway owners to move these projects forward. The TPA also worked with FDOT and the County to collect and evaluate pedestrian and bicycle counts.

Staff streamlined transportation data visualizations and sharing for the public by maintaining a TPA mapping application and Open Data Hub to allow outside agencies and the public to access transportation data easily.

Task 3. Plan the System - Long Range

Responsible Agency: Palm Beach TPA

Participating Agencies: FDOT, FHWA, SEFTC, SFRTA, SFRPC, TCRPC, BMPO, MDTPO, Freight Industry, FDEP, PBC, School District, PBCHD, Local Municipalities, Northern and Western MPOs/TPO, Palm Tran

Purpose

The Long Range Transportation Plan (LRTP), also known as the Metropolitan Transportation Plan, maps out the next 25 years of state and federal transportation system investments in PBC. As a comprehensive analysis of the transportation system, it also includes local (county, city, and private) investments planned for the transportation system. It identifies transportation projects and services such as premium transit corridors; major roadway improvements and new interchanges; freight capacity projects (roadways, railways, seaport, and airport facilities); and non-motorized facility networks (bicycle facilities, sidewalks, and shared-use paths).

The LRTP is updated every five (5) years. The next update is the 2050 LRTP, programmed for creation in this UPWP.

Previous Work

The TPA performed planning activities in line with its 2045 LRTP network of enhanced transit corridors, priority pedestrian and bicycle facility networks, and state roadway modifications to advance safety, complete streets, enhanced transit, transportation system management & operations, and environmental resiliency.

The TPA began working with local partner agencies to discuss land use policy decisions to create greater land use and transportation connection.

Task 4. Prioritize Funding

Responsible Agency: Palm Beach TPA

Participating Agencies: FDOT, FDEP, PBC, Palm Tran, SFRTA, Local Municipalities, PBCHD

Purpose

Prioritize funding to maximize the implementation of projects that support the Vision of the TPA. Ensure that anticipated revenues are allocated to projects and programs in the five-year TIP consistent with the LRTP and according to the project priorities set forth by the TPA Governing Board.

Previous Work

The TPA coordinated annually with FDOT on the development of the Draft Tentative Work Program and adoption of the TPA's TIP and processing of TIP amendments, as necessary. All TIP projects are available on the TPA's web map at PalmBeachTPA.org/map.

The TPA identified major projects from the LRTP to be advanced for funding in the TIP, developed and administered a prioritization process for projects to be funded via the Local Initiatives (LI) Program established by the LRTP, administered the Transportation Alternatives (TA) Program, and State Road Modifications (SRM) Program, participated in project implementation through review comments entered in the ERC system and participated in Project Development & Environment (PD&E) studies associated with specific projects in the TIP.

TPA staff refined the schedule and scoring system for the LI, TA, and SRM programs and video recorded the training workshop to allow agencies to view it at their convenience.

Task 5. Implement Projects

Responsible Agency: Palm Beach TPA

Participating Agencies: FDOT, TCRPC, PBC, Local Municipalities

Purpose

Ensure that implementation of projects and project scope details accomplish the vision, goals, and objectives of the TPA Governing Board.

Previous Work

The TPA updated the Performance Measures, inclusive of the Congestion Management Process (CMP) measures, during the creation of the 2045 LRTP. The performance measures now incorporate all federal performance measures and TPA created local measures.

Staff worked with consultants on the development of a performance measures dashboard to provide up-to-date measures and visualizations.

Staff continued to participate actively in the design review process for state and local projects to ensure the final outcomes are consistent with the planning objectives. Staff worked with FDOT to develop an FDOT Scheduling Report that is reconfigured for inclusion in every monthly committee and Board agenda to provide a status on upcoming project milestones.

Task 6. Collaborate with Partners

Responsible Agency: Palm Beach TPA

Participating Agencies: PBC, BMPO, MDTPO, SEFTC, Palm Tran, SFRTA, Local Municipalities,

FDOT, TCRPC, SFRPC

Purpose

Work with and provide technical assistance to transportation partners to establish and implement policies, programs, and projects consistent with the LRTP.

Previous Work

The TPA worked with FDOT and South Florida Commuter Services to encourage local participation in Florida Mobility Week and Florida Love to Ride Month, coordinated with the Broward MPO and Miami-Dade TPO to host the annual Safe Streets Summit, and held a Southeast Florida Transportation Summit. The TPA also participated in a Vision Zero Peer Exchange follow up session with FHWA and other MPOs, in partner agency committees and statewide efforts for the FTP and SIS Plan; and coordinated the U.S. Department of Transportation's Office of Small and Disadvantaged Business to plan and execute a Small Business Series.

Through SEFTC, the TPA coordinated regionally to develop and adopt the 2045 Regional Long Range Plan (RTP) and a prioritized Transportation Regional Incentive Program (TRIP) project list. The TPA began coordination efforts with Miami-Dade TPO and Broward MPO to kick off the development of the 2050 RTP.

Staff held several workshops and webinars including topics such as bicycling safety and infrastructure, the future of transit, lane repurposing projects, truck parking, a guest speaker event with the host of Transit Unplugged Podcast and author of book: The Future of Public Transportation. The TPA also hosted a South Florida Transportation Surtax Roundtable with Broward MPO, Miami-Dade County, and TPA Governing Board members.

Lastly, staff worked with municipalities, elected officials, planning staff, and transportation partners to conduct Walk Bike Audits along various corridors in PBC to identify pedestrian and bicyclist safety concerns and determine improvements that can be made.

Task 7. Administer the Agency

Responsible Agency: Palm Beach TPA

Participating Agencies: FHWA, FTA, PBC, Local Municipalities, FDOT, TCRPC, SFRPC, BMPO,

MDTP0

Purpose

Provide the staff and resources necessary to administer the 3-C transportation planning process and to provide a fair and impartial setting for effective regional decision-making.

Previous Work

Staff performed required on-going activities including supporting the TPA Governing Board and advisory committee meetings; updated necessary documents, assisted in audits, and submitted quarterly/monthly progress reports and reimbursement requests.

The TPA adapted to the COVID-19 pandemic by modifying the conduct of public meetings by utilizing the Zoom webinar platform because it did not require the public to purchase or download any additional software or equipment to attend meetings virtually. The TPA will offer hybrid meeting options moving forward as it allows for easy access for the public to participate and provide public comment.

The TPA received a Silver Level Bicycle Friendly Business designation from the League of American Bicyclists in September 2020 and was designated a Best Workplace for Commuters in January 2021 and 2022.

The TPA executed contracts for external auditing services, building cleaning and maintenance services, copier services, a learning management system and training vendors for ongoing staff learning opportunities, and a recruitment firm to hire a permanent Executive Director.

The TPA continually updated its Personnel Handbook to become a resource for staff with workplace procedures. Additionally, the TPA amended its holiday to include Juneteenth, in line with it becoming a federal holiday.

Task 8. Transfers to Other Agencies

Purpose

To describe the regional planning responsibilities and funding sources for the maintenance and further development of the Southeast Regional Planning Model (SERPM) to forecast regional travel patterns and for the acquisition of big data to support the validation and calibration of SERPM in support of the metropolitan planning process.

Previous Work

The region has collaborated in the development and maintenance of previous versions of SERPM, a modeling tool which uses scenario forecasting to prepare for new socioeconomic environments and potential planning challenges within Southeast Florida. SERPM is updated every five years to support the development of regional and local transportation plans and other regional planning efforts. TPA staff began working with regional partners towards the implementation of SERPM 9 and collaborating on a big data purchase.

Memorandums of Understanding (MOU) have been entered jointly by the Miami-Dade TPO, Broward MPO, Palm Beach TPA, and FDOT Districts 4 and 6, to develop and maintain an effective travel demand modeling tool and transportation data collection methods within the region.

Task 9. Agency Expenditures with Local Funds

Purpose

Authorize local fund expenditures for items that are not reimbursable from state and federal grant sources or used as a local match.

- Maximize Agency Effectiveness Influence laws, policies, and discretionary funding decisions at the state and national levels to implement TPA priority transportation projects. Conduct peer exchanges with other MPOs around the country to inform better decision-making by TPA Governing Board members and staff. Support informed decision-making by TPA Governing Board members. This task may include professional lobbyist assistance.
- Improve Public Engagement Purchase and distribute items to promote the TPA programs and solicit feedback, conduct targeted outreach events, and provide subsidy awards for transportation related activities, initiatives, and events that align with the mission and vision of the TPA.
- Enhance Staff Performance Fund staff professional certification and licensing dues, professional society memberships, and other staff enhancement expenses, and provide refreshments at meetings to maximize productivity.
- Balance to TPA Reserve The balance of this account will be added to the TPA Reserve
 Account.

UPWP Statements, Assurances and Policies

2.5 Travel

- A. Applicability. The TPA's travel policy applies to all TPA staff, Governing Board members, appointed officials, advisory committee members, interns, and other authorized officials traveling on official business paid for by the TPA.
- B. Authorization. The TPA Governing Board Chair must authorize travel by the Executive Director, any Governing Board members, all committee members, and all community representatives. The Executive Director must authorize travel for all TPA staff. Travel must be authorized in advance of the travel occasion to be eligible for TPA payment. The number of individuals traveling to any one event shall be monitored and limited to maintain the local operational capacity of the TPA and to maximize the beneficial purposes of the travel occasion for the TPA. TPA staff shall report all authorized travel to the full Governing Board as soon as practicable following the travel occasion.
- C. Travel Costs. All authorized parties traveling on official business for the TPA are expected to seek advanced registration discount rates, to travel by the most economical and efficient means to/from the travel occasion, and to select reasonably priced lodging accommodations for the travel occasion.
 - 1. Registration. The TPA shall pay actual registration costs for authorized travel either by direct payment to the vendor or as a reimbursement for traveler-paid registration fees.
 - 2. Transportation. The traveler must compare the cost and time associated with means of travel by personal vehicle, travel by rental car, travel by public or private surface transit, and travel by commercial or general airplane. The TPA will pay or reimburse the traveler for the most economical (cost) and efficient (time) travel option to/from the event, even if the traveler elects to use another option. The Traveler is responsible for providing the full cost comparisons at the time of the travel request. Travel by personal vehicle shall be reimbursed utilizing the federal mileage rate, as amended from time to time.
 - 3. Lodging Expenses. The traveler is expected to plan in advance and with sufficient notice to stay on the premises for a travel-related event. The TPA will pay or reimburse up to the amount for the standard room accommodations or lowest cost option available in the negotiated event room block. In such case where the negotiated room block rate is not available or does not exist, the traveler must compare the available lodging within a 3 mile radius and select the most economical and efficient alternative. Exceptions to these requirements may be made by the Executive Director on a situational basis based on safety, meeting events, and/or logistics.
 - 4. Meal Allowances. The TPA shall pay for meals when travel occurs during meal times: 1) for all overnight travel events, and 2) for same-day travel to a destination at least 100 miles away from the TPA office. The payment shall be in the following amounts:

a. Breakfast: \$10.00

b. Lunch: \$15.00

c. Dinner: \$30.00

- 5. Incidental Travel Expenses. The TPA shall reimburse for incidental travel expenses including tolls, local transportation costs (cab fares, TNC fares, transit fares, bike share, etc.), parking, etc. pursuant to federal and state regulations.
- 6. Traveler Conduct. TPA staff and Board members are expected to attend applicable training sessions offered during normal business hours and to adhere to all travel and rules of conduct policies.
- 7. Travel Advances. The TPA will not authorize travel advances. The TPA will either prepay by direct payment to the vendor or pay a reimbursement to the traveler for travel-related costs.

Summary Points of the February 17, 2022 Governing Board Meeting

PDF versions of the agenda, backup material and presentations as well as audio and video recordings are available for review at PalmBeachTPA.org/Board

Approved Transportation Disadvantaged Local Coordinating Board (TD LCB) Appointments – The Board approved Elizabeth Clark as the Representative for Children at Risk, and Milory Senat as the Representative and Pauline Spence as the Alternate for the Agency for Persons with Disabilities through February 2025.

Approved Technical Advisory Committee (TAC) Renewals – The Board approved renewal of Anna Biewlawska as the Alternate for Palm Tran and Tamashbeen Rahman as the Alternate for the City of Boca Raton through February 2025.

Approved Palm Beach TPA Agreement No. 2021-16 – The Board approved an agreement with Daruma Tech for Website Redevelopment Services in an amount of \$52,982.00 with an option to extend the agreement up to two additional years.

Approved TPA Operating Procedures, Section 2.3.E Amendment – The Board approved an amendment that requires members of the public wishing to add an item to a future TPA agenda to first request the item during a Board meeting for the members present to determine its merits for addition.

Adopted FY 22-26 Transportation Improvement Program (TIP) Amendment #3 – The Board adopted a Resolution approving deletion of the Indiantown Road from US-1 to A1A project (FM #4415721), addition of I-95 wrong way detection systems project (FM #4495201), and addition of new projects with FTA 5310 Operating Assistance (FM# 4502781, 4504521, 4504531, 4504751 and 4504971).

Adopted 2022 Safety Targets – The Board adopted a Resolution approving the 2022 Safety Targets in line with the State's roadway safety targets of zero (0) traffic-related fatalities and serious injuries.

Adopted TPA Operating Procedures, Section 5 Amendment – The Board approved an amendment to rename the Bicycle-Trailways-Pedestrian Advisory Committee (BTPAC) to the Vision Zero Advisory Committee (VZAC) and added additional membership groups. These changes aim to better align with the TPA's Vision Zero efforts, while still maintaining a focus on pedestrian and bicycle safety.

Performance Measures Dashboard – TPA staff provided a walkthrough of the interactive dashboard that tracks all adopted performance measures and targets. The dashboard can be viewed at PalmBeachTPA.org/PM.

Florida Bicycle Month – TPA staff provided an update on Florida Bicycle Month activities in March and encouraged municipalities to adopt a Florida Bicycle Month Proclamation to celebrate and support bicycling in their community. More information regarding events and safety can be viewed at WalkBikePalmBeach.org.

Partner Agency Updates – County Commissioner Marino provided an update on Tri-Rail operations, Vice Chair Reed provided a review of the Metropolitan Planning Organization Advisory Council (MPOAC) Governing Board meeting, and Assistant County Administrator Todd Bonlarron provided an update on Palm Tran initiatives and staff updates.

Project Scheduling Report – March 2022

Phases occurring within the next 90 days Palm Beach TPA & FDOT District 4

The purpose of this report is to ensure stakeholders are aware of upcoming activities for each project to allow for increased input. The TPA has consolidated the FDOT report to focus on TPA priorities and scheduling activities that are occurring within the next 90 days. The full list of scheduling activities is described below.

Scheduled Activity	Description
Multimodal Scoping Checklist (MMSC)	FDOT's Office of Modal Development (OMD) notifies impacted agencies to enter comments about the project scope. The local agency can confirm or discuss context class, minor comments about multimodal features.
Resolution from Agency (for Off-System Projects Only)	If an off-system project is administered by FDOT, the local agency's governing board must pass a resolution endorsing FDOT's delivery of the project.
Review of Scope with Agency	Meet with local agency to review and confirm scope prior to FDOT advertising for consultant acquisition.
Execution Date (Design)	FDOT Design starts.
Project Kickoff Meeting	FDOT Design Team coordinates with local agency. Contact the FDOT project manager for date/time/location of the meeting.
Initial Field Review	Field Review meeting. Typically occurs at the project site.
Initial Engineering	30% plans to reviewers. Stakeholders provide review and feedback on the approved Typical Section.
Public Information Workshop	FDOT conducts public information workshop.
Constructability Plans	60% plans to reviewers. At this time most of the Design is complete, no scope discussion, review focuses on items to be constructed, their construction impacts, and materials to be used.
Plans Specification and Estimates (PSE) Meeting	FDOT PM arranges field review with all reviewers to evaluate the final engineering plans with respect to actual field conditions.
Biddability Plans to Reviewers	90% plans. At this time, Design is complete. Verifying quantities and pay items.
Production	100% plans. Plans are complete.
Local Agency Program (LAP) Commitment	Agency and FDOT commits the project funds and budget to the Legislature and the Governor's office.
Letting	Bids are opened and the apparent low bid contract is determined. Construction typically begins 4 to 6 months after letting.
Construction Notice to Proceed (NTP)	Construction starts. Construction dates for FDOT administered projects can be found through the FDOT Operations Center.

For more information on a project, please contact the FDOT District 4 office at 954.486.1400 and ask to be transferred to the FDOT Project Manager for the specific project. For the FDOT copy of the report with the full project schedule, contact Larry Wallace at larry.wallace@dot.state.fl.us or 954.777.4208.

Please note, the dates shown in this report are a snapshot and dates can change frequently. Updated reports are requested monthly from FDOT.

Pedestrian and Bicycle Quarterly Fatal Crash Analysis

October – December 2021

The general information, individual information and crash diagram were taken from crash reports downloaded from the Signal Four Analytics – University of Florida GeoPlan Center website and the Federal Railroad Administration Office of Safety Analysis data portal and reformatted for this analysis. The crash summary and potential actions were compiled by TPA staff and consultants.

Some key tips for understanding the summaries are included below:

- **Posted Speed:** Data for Posted Speed (Major Road) is always included; data for Posted Speed (Minor Road) is only included when the crash takes place at an intersection.
- **Harmful Event:** Identifies the first injury-producing event that characterizes the traffic crash type.
- **Person:** "V" stands for Vehicle; "P" stands for Person; "NM" stands for Non-Motorist. Either "P" or "NM" may be used to reference a pedestrian or bicyclist.
- **Contributing Action:** Identifies the actions/circumstances of the driver or non-motorist that may have contributed to the crash.
- **Vision:** Identifies whether or not the driver's vision was obstructed by environmental, roadway or built environment conditions.
- Alcohol/Drugs: Identifies suspected drug or alcohol use.
- **Severity:** Identifies the severity of injuries sustained by persons involved in the traffic crash.
- Potential Actions: Identify possible engineering, enforcement or education actions that
 roadway owners or relevant stakeholders could explore as countermeasures. Resources to
 identify potential actions include, but are not limited to, the Highway Safety Manual, Crash
 Modification Factor Clearinghouse, Federal Highway Administration, U.S. Department of
 Transportation Highway Safety Improvement Program Manual, Florida Department of
 Transportation Design Manual, Manual on Uniform Traffic Control Devices, the Signal Timing
 Manual and the TPA's Vision Zero Action Plan.

Please note that the crash summary and potential actions are preliminary and do not represent any formal conclusions, legal or otherwise.

Crash Summary

Vehicle 2 (V2) was stopped in eastbound traffic on 10th Avenue North approximately 500 feet east of Florida Mango Road. Pedestrian 1 (P1) was crossing 10th Avenue North midblock from south to north between vehicles. Vehicle 1 (V1) was traveling eastbound on 10th Avenue N in the painted median passing the stopped traffic on the left of the shoulder beyond the double yellow lines. As P1 entered the painted median when crossing, V1 struck P1. P1 then collided with V2's driver side rear door. V1 continued eastbound on 10th Avenue North, leaving the scene. P1 was transported to St. Mary's Medical Center and was later pronounced deceased.

- 1. Interactions between residential land use to the south and retail/commercial land use to the north are expected. Palm Beach County staff to evaluate and implement corridor safety improvements including a high emphasis crosswalk for the east leg of 10th Avenue North at Florida Mango Road.
- 2. Palm Beach County staff to evaluate installing median treatments along 10th Avenue North to deter motorists from driving on the painted median and installing USE CROSSWALK (R9-3bP) signs to encourage pedestrians to use the crosswalks at the intersection of 10th Avenue North at Florida Mango Road.

Crash Summary

Vehicle 1 (V1) was exiting the Burger King drive-through, turning right to travel southbound on US-1/N Dixie Highway. Pedestrian 1 (P1) was sitting on a stoop in front of the building just south of Burger King (219 US-1/N Dixie Highway). The driver of V1 spilled his drink and was distracted. V1 swerved to the west, over the curb, and across the west sidewalk. The front of V1 collided with the building and P1. P1 was knocked onto the sidewalk and came to rest in front of V1. V1 drove into the stoop and the front of the vehicle was elevated against the building. P1 was transported to St. Mary's Medical Center where he was pronounced deceased.

*It is assumed that the driver has a learner's license, but there is no mention of being accompanied by a licensed driver.

- 1. Consistent with TPA Vision Zero Action Plan Policy Action 1.5, Palm Beach TPA to consider working with the School District of Palm Beach County to require safe walking, biking, and driving curriculums in elementary, middle, and high schools.
- 2. Consistent with the TPA Vision Zero Action Plan Policy Action 1.2, Palm Beach TPA to partner with local law enforcement agencies to identify ways to regulate distracted driving as a primary offense.

Crash Summary

Vehicle 1 (V1) was traveling southbound through the parking lot. Pedestrian (P1) was walking west through the parking lot. The driver of V1 made a left turn onto a parking lane and did not see P1. The front tire of V1 struck P1, knocking her to the ground. As V1 continued to make a left turn, the rear left tire ran over P1. P1 was transported to St. Mary's Medical Center with life threatening injuries.

- * The location of the crash is an estimate based on the description and figure provided.
- ** Posted speed of 25 MPH is noted in the report; however, posted speed within parking lots is typically 15 MPH.

- 1. Consistent with TPA Vision Zero Action Plan Culture Action 3.3, Palm Beach TPA staff to implement a Vision Zero campaign that discusses transportation options for elderly drivers.
- 2. Property owner to commission a study by a professional transportation engineer to evaluate pedestrian safety and access throughout the site. Special considerations should be given to pavement markings, traffic calming, signage, marked crosswalks for access routes, landscaping, sight visibility, and access from public right-of-way. The City of Royal Palm Beach requires such a study to be completed when the site is being redeveloped. The City of Royal Palm Beach to evaluate the proposed improvements, and if deemed warranted, coordinate the improvements as funded by the property owner.
