CBS 12: Indiantown Road Backplates

The Florida Department of Transportation (FDOT) recently installed retroreflective backplates on 84 signal heads at 11 intersections along Indiantown Road. Backplates help to reduce glare during sunrise and sunset. The Town of Jupiter worked with FDOT to initiate installation after a Fatal Pedestrian-Bicyclist Crash Report from the TPA, presented in May 2021, which reported glare as a potential cause for a crash that killed a bicyclist on Indiantown Road.
