An aerial photograph of a city waterfront. In the foreground, there is a large marina filled with white yachts and boats. To the right of the marina, a green golf course is visible. The city skyline is in the middle ground, featuring several high-rise buildings and a mix of residential and commercial structures. A large body of water, likely a bay or harbor, surrounds the city. In the background, a bridge spans across the water, and the city extends into the distance under a clear sky.

What We Want to Answer

What will 2050 population, employment, and travel look like?

What is our Vision and how will we measure performance?

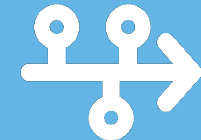

What are our needs and priorities?

What do we want travel to look like?

How will we pay for it?

How will we implement it?
