

Pedestrian & Bicycle Quarterly Fatal Crash Analysis

January 2022 – March 2022

Why Quarterly Reviews of Ped/Bike Fatalities?

- Implements Vision Zero Action
- Ped/Bike crashes represent a disproportionate percentage (27%) of total fatalities
- Quarterly review promotes discussion and urgency
- Accumulated data reveals trends and high-impact countermeasures

Next Steps

- Work with stakeholders to implement countermeasures
- Analyze Q1 crashes and draft summaries
- Incorporate feedback from committees and stakeholders
